Mahatma Gandhi once said, "You must be the change you wish to see in the world". In my mind it means that if you want to see some changes, I think, just this way can not be fake.

I think, this statement is absolutely true. Every time when people want to do something very good they try to do it by themselves, because they understand all responsibilities and if they would not to lose they do it very well.

For example, four years ago I read a book by Jonathan Straud "Bo & Co". Anthony and Lucy wanted to help all people in the world resolve the Problem. For the first time they were just teenagers who had a job in their own company. After two years, after hard fights they find a resolve for the Problem. I strongly believe that they did it just because ✓ were confidence in themselves and wanted to change the world.

Draw the conclusion, I would like to say that in our modern live people have many right ✓. Nowadays everyone can study that what they want and it is important if people want to do some changes in

all the world.

Subject: Clothes

Hi, thank you for your email. It's good to hear from you again. Sorry for not writing you before. I've got a lot of tasks to do.

You asked me about what clothes I like wearing. I'm really like hoodies and trousers, but also I can wear a dress. I enjoy shopping because I like to buy beautiful clothes. And last week I bought a new jeans.

Now I have to end my email because I have a lot of homework.

Write back soon.

Take care,

Alina
